This is the most interesting one. It is also known as the sleeping bonus because you will get bonuses for any match of pairing points accumulated on your left and right leg regardless of who has introduced the new members under you.

#### How Do You Accumulate Pairing Points?

Every time anyone in your team whether your uplines or downlines, signs up a new member, you will be awarded with pairing points on the leg where the new member has been placed:

A new Starter registration in your team gives everyone in the team 50 points

A new Bronze registration in your team gives everyone in the team 100 points

A new Silver registration in your team gives everyone in the team 500 points

A new Gold registration in your team gives everyone in the team 1000 points

### 3. DEVELOPMENT BONUS/ Pairing Bonus Continued

#### How Do You then Make Money Out of Pairing Points?

You must have points on BOTH LEGS in order to receive pairing bonus.

Every 50 points on your left BALANCED with 50 points on your right gives you N\$90.

Every 100 points on your left BALANCED with 100 points on your right gives you N\$180.

Every 500 points on your left BALANCED with 500 points on your right gives you N\$900.

Every 1000 points on your left BALANCED with 1000 points on your right gives you N\$1800.

#### As an example:

if you introduce two gold members, one on your left and one on your right or one of your team members introduces a new Gold member on your left and another team member introduces a Gold member on your right, the company will pay you a pairing bonus of N\$1800 in both cases.

## 4. GROUP INCENTIVE BONUS

This is one great way of earning that ensure you earn from all your sides. It is this simple, work with your team and help everyone make money. Then, the company gives you a percentage of what your team earns from Level 1 to level 10

Example:

Assuming that you Introduced 5 people and each of them is making N\$54 000,00 in a month, the company would in this case pay you;  
 **$5\% \times N\$54\ 000,00 \times 5\ \text{members} = N\$13\ 500,00.$**

And that's just from your level 1 (People you personally Introduced)

You can do the maths for your income for level 2 to 10. This Bonus has helped us to create a healthy Business environment where all members are working together to lift each other so that we earn together **TEAM WORK MAKES DREAMS WORK**

## 4. GROUP INCENTIVE BONUS

2	4%
3	3%
4	2%

10	1%

### ELIGIBILITY

BRONZE= LEVEL 6

SILVER= LEVEL 8

GOLD= LEVEL 10

## 5. ROLL UP BONUS

This bonus is only applicable for Gold members. Every time a non-Gold member signs up a new person into the business, an extra bonus is rolled up to the Gold member above that person. The amount rolled up to the Gold member is the difference between the sponsor bonuses for a Gold member and the sponsor bonuses for other packages.

For example if a starter member signs up a Gold member, the starter will be paid N\$5400 and the Gold member above will be paid the N\$900 difference (N\$6300 - N\$5400) as roll up bonus. That's the other advantage of being a Gold Member.
